Small service is true service while it lasts ;  
Of friends, however humble, scorn not one ;  
The dahlia, by the shadow that it casts,  
Protects the lingering dewdrop from the sun.

“ Welcome to skies that are shining,  
Welcome to balmy air ;  
Dahlias in wreaths we are twining,  
Dahlias beyond compare.”

## My Business Methods.

This list cancels all previous ones.

I do not recommend planting in this climate until the latter part of May, and to insure a long succession of bloom, planting should be extended until the latter part of June.

I start shipping around April 15th, and orders are filled in rotation as received, but if customers will kindly state at what time after that date they would like to receive them, I will try to ship them as near the date requested as possible.

I send out divided field grown roots, every one guaranteed true to name, and to arrive in good growing condition. I cannot guarantee them to grow if they are not unpacked immediately upon receipt.

All retail orders are sent Parcel Post unless instructions are received to send them otherwise.

Orders taken at the Fall Shows, and all others not fully paid for will be sent C. O. D. at purchaser's expense, unless previous arrangements have been made.

As the demand for some sorts often exceeds the supply, it will be well to order early and so avoid disappointment. It will also be well to name a few as second choice or state if I may substitute for any that are sold out.

## Greetings to Customers—Old and New

---

In compiling this catalog it gives me great pleasure to thank my many friends for the liberal patronage and recommendations given me during the past year, which has been the most successful season I have had in growing the dahlia. It is very evident that the dahlia loving people are appreciating the fast stride that is being made in this beautiful flower, for there has never been such a demand for the new and better varieties than now.

To be a successful grower, one must keep in touch with the different growers and exhibitions in order to secure the best the market affords.

From a small beginning ten years ago I grew this season over one thousand (1,000) different varieties of imported and American introduction of which I am pleased to offer to my many customers. I wish to call special attention to the Robert O. Fletcher, the Pride of Norwich and the other new ones that you will find throughout my catalogue.

Visitors are always welcome and especially in blooming season, when they can make their selection from the blooming plant. I am always willing to impart any knowledge I may possess to aid you in growing this beautiful flower.

My garden is located at my residence, 46 Palmer Street. Take the Hallville Trolley and get off at Silk Mill, a ten minute walk from Franklin Square. A cordial invitation is extended to customers and all interested in Dahlias to visit and inspect my gardens when they are in bloom, during August, September and October.

*VISITORS ALWAYS WELCOME*

**THE ROBERT OGDEN FLETCHER (Hybrid Decorative)**—This wonderful new Dahlia I introduced in 1920, as a living monument to our brave young hero, who with his regiment, the 56th Artillery, lost his life at Chartreus, France.

This new Hybrid Decorative Dahlia is most beautiful, evenly variegated; the color is yellow at center, shading to white at tip, striped and flecked with red. It blooms very freely, has very large blooms, often nine inches in diameter, on extra long stem, well above the foliage.

Another year has more fully demonstrated the merits of the greatest of all Decorative Dahlias (see cut). The illustration will give a beautiful idea of it from the artistic light, but no conception of its wonderful color combination, great size, long stem, vigorous growth, rugged constitution, and last but not least, its freedom of bloom.

This wonderful Dahlia was grown by a great many last season, and I have heard nothing but praise of this wonderful Dahlia.

The New York Floral Exchange says: "It is one of the best variegated Dahlias they have ever seen, and it took first prize at the New London County Fair, and special diploma for the best new Dahlia shown."

One person in admiring it had this to say about the color: "It is rightly named gold for patriotism, red for the blood of sacrifice and white for peace."

Price.....\$5.00
